# O' Pirata

The whole team at the O'pirata restaurant is looking forward to welcoming you.

Pirates, outlaws and buccaneers have long revelled in the 17th-century taverns of the Caribbean, where a plentiful array of beverages and provisions awaited.

Come and explore the building with its two watchtowers, a magnificent, curved counter, and a stall - a true representation of those historic taverns.

The ancient character of the place is emphasized by the tree and its roots, entwining around a section of the structure, as nature slowly reclaims its dominance.

The pirate crew has circumnavigated the globe to dock their galleon at O'Pirata tavern, a place where potions and enchantments reign.

The Master Rooster and his gastronomic companions have claimed this mysterious retreat, ensuring you're supplied with drinks and provisions.

Empowered by unravelling the intricacies of gastronomy, emphasising 'homemade' and local ingredients as its guiding principles, the chef is excited to unveil his culinary creations!

Surrounded by the soft glow of lanterns and candles, immerse yourself in a cosy ambience while savouring delectable dishes and delightful culinary creations.

On sunny days, the sections are situated on the ground level, around the wave pool, where the crew recounts the adventures and past exploits of their voyages!

## HALF-BOARD MEAL PLAN
